2. AND WHEREAS, it has been observed that there are many other plastic items of one time use and have littering potential as they are difficult to collect, especially since most are either small, or discarded directly into the environment-such as candy sticks, ice-cream sticks, stirrer etc. It then becomes difficult to collect for recycling, unlike the larger items. Such items are causing environmental pollution and leading to indiscriminate littering. Therefore, the State Government intends to impose ban on such items to augment the ongoing efforts and further improve the plastic waste management system in the State.
